

Free Azam Software

The Azam Disabilities Initiative invites people with disabilities to take advantage of FREE ACCESS to this new voice messaging and storage system for PCs.

- Do you have difficulty communicating with colleagues, friends and family?
- Do you find typing tricky?
- Would you like to be able to send voice messages by email?
- Would you find it useful to record meetings and conversations and index, edit, merge or store them?
- Do you find emails lack personality?

If your answer is yes to any of the above, what are you waiting for? Visit www.azamit.com for details on how you can get free access to Azam. If you would like to register, speak to a member of the surgery staff today, who will be able to supply you with a free access key.

FREE ACCESS to Azam - it's a whole new world of communication. Don't just say it, Azam it!
